5 Add Process of the Case

The screenshot displays two overlapping windows from the FAL (Financial Accounting Law) application. The background window, titled "Process List", features a search bar with "case_Eric" entered, a table with one row of data, and buttons for "New", "Edit Process", and "Delete". The table has the following data:

Process ID	Date	Charge (\$)	Lawyer
1	2021/04/06	0	David

The foreground window, titled "New Process", contains input fields for "Case Name" (case_Eric), "Process Date" (2021/04/06), and "Charge(\$)" (0). It also has a "Select Lawyer" dropdown menu with "David" selected. Below these fields is a "Notes" section with a rich text editor toolbar (including bold, italic, underline, link, unlink, and image icons) and a text area containing the text "appear in court". At the bottom of this window are "Save" and "Cancel" buttons.
